

Easy Lighting Setups for Glamour and Portrait Photography

Foolproof recipes for great photos! Take your family, corporate, senior or bridal portraits to the next level, with easy studio techniques borrowed from high-end glamour & editorial photography. This book includes detailed, fully-illustrated instructions for seventeen different portrait setups, complete with portfolio-worthy samples of real people - not models - photographed like celebrities. The setups includes behind-the-scenes images, 3-D rendered lighting diagrams, and concise instructions on lighting and backgrounds. The book also includes tips on RAW processing, lens selection, exposure guidelines, styling and posing. Best of all, these setups can be assembled in minutes, at any location, and require nothing more than four lights and a few inexpensive items. You DONT need your own studio or a ton of expensive equipment to take magazine-quality portraits. All you need is Easy Lighting Setups for Glamour and Portrait Photography!
