

Divas in Cahoots - a comedy of murder

This work of contemporary womans fiction also delights as a humorous murder mystery who-done-it with a surprising, naughty gay detective. Heiress Bella Harrington-Crenshaw Found Murdered That was the shocking headline that rocked the quiet and complacent Santa Fe social scene. And one of their own just might have been the murderer. What rancor could have caused one of these sweet, mild tempered ladies to commit such an atrocious act? Or were there other unknown forces at work? International spies, senatorial murder, blackmail, art theft, hidden identities, and a masquerading drag queen, all humorously complicate a simple resolution to this tangled mystery.

Cast of Women Characters: Bella Harrington-Crenshaw: Newly arrived to the Santa Fe scene from back east - she brings money, manipulation, and mystery. But what are the secrets that keep her attorneys so busy? Connye Andreatos: A leading doyenne and a woman in love, she becomes a woman undone by the scheming Bella or does she? Sonora Livingston-Bundt: Connyes long time arch rival and also a woman in love but maybe not. Far too independent to take nonsense from anyone, the power balance between her and Connye is threatened by Bellas obsessive power play. The Other Bella: Also newly arrived and not at all what one would expect yet this Bella is the key to unraveling this humorous murder mystery. This is definitely not your ordinary who-done-it crime mystery. It is also a gay detective mystery. But you wont believe this ditzy detective is he for real? And what a scramble of fun these ladies are. These divas are truly in cahoots. How these women love to create trouble for one another with the ultimate in crime humor, murder and mystery. First introduced in Divas Never Flinch, this cast of irascible characters returns with new delights and magnificent battles. And for a great deal
