

## The Complete Film Works / Volumes 4,5,6

Even though Robert Frank was already a renowned photographer when he started working as a film maker at the end of the 1950s, he remained a well-kept secret within the film community for almost four decades. The Complete Film Works fills a long overdue gap by presenting every one of Franks more than 25 films and videos, some of them classics of the New American Cinema of the 1950s and 60s.
