

Lessons in Love and Lust (An Interracial Erotic Romance)

A cerebral man is more stimulating than anything on the planet. That's what I loved about Mr. Dean, my Psychology professor. I've had a crush on him since freshman year, and just so happen to be his star pupil. Everything from his style of dress, to his takes on the world, let me know that he's going places, and has lived more than the average guy. I want to be apart of that.

It is my dream to open my own practice and never settle for ordinary things. Little did I know what kind of adventure was in store for me, the day Professor Dean became my mentor. Our connection is unconventional, but no man makes my heart skip like him, no man completes me like him As I step out onto this journey of growing up and discovering womanhood, I pray that the wings of love catch me. Will Professor Dean serve as my strong, powerful angel as I take that leap?
