

## Bones (The Nameless Detective Book 14)

An old grave opens a new case of murder. Recent murders are difficult but not unsolvable. This time Nameless is called upon to solve a murder that happened four decades ago. Called to do the impossible, he takes the case merely because the victim was a pulp writer. Nameless of course is a pulp fan. We follow Nameless in his quest of trying to quell the questions of a neurotic son determined to find out how his writer-father really died. Was it a suicide or murder? Pronzini makes people and events so real that you're living those explosive days of terror. Robert Ludlum Once in a crocodile's age you come across a writer whose work you instinctively like... I've found one Bill Pronzini. Buy him, read him, and relax. Los Angeles Times A skilled writer working at the top of his ability.
