

The Once and Future Prince - Castaldini Crown 1

Phoebe, an international legal consultant, is dumbfounded by the work she is assigned by the king. Her work is to bring Prince Leandro, who left the country seven years ago, back to Casterdini. Leandro is the only man that Phoebe ever loved. But for him, Phoebe was nothing but a convenient woman whose heart he shattered and abandoned. Coming face-to-face with that man again? Its hard enough recalling the painful parting, but reuniting with him sweetly shakes up Phoebes heart
