

Country Kitchens

A warm, friendly, country-style kitchen turns any house into a home. The evocative photographs in Country Kitchens reveal the beauty of kitchens designed for everyday cooks and their families, as well as displaying the rich diversity of country style—from a French kitchen in creamy painted wood to an American kitchen paneled in seasoned cherry. Whether the size of your kitchen suits a cottage, farm, or manor house, Country Kitchens is filled with design ideas and with the simple pleasures of country living.
