

The Shadow: Midnight in Moscow

Its New Years, 1950... the end of a tumultuous decade. Lamont Cranston, the man that the world and the underworld know all too well as The Shadow, has had enough. Its time for the mysterious nemesis of crime to hang up his cloak, his slouch hat, and his twin .45s, and retire from public life. But despite this momentous decision, Margo Lane and the rest of The Shadows agents fear that mankind, teetering on the brink of nuclear Armageddon, may not be quite ready to be bereft of the dark avenger. Collects the complete six-issue comic book storyline The Shadow: Midnight in Moscow, including all cover artwork.
