

## Hazel

Hazel the guinea pig just wants to explore. But she's also very fond of food... When her seven-year-old owner puts her down into the kitchen, she seizes her chance to escape - but her bulging tummy gets her stuck in a Wellington boot! That's just the beginning of Hazel's adventures. She's about to meet Tobacco, a handsome boy guinea pig, and together they must fight off a hutch invasion from a curious furball called Fudge. Can Hazel and Tobacco warn the humans in time - using just the power of squealing? Brought to life by celebrated author and animal lover A. N. Wilson, and charmingly illustrated, Hazel will capture the hearts of guinea-pig lovers everywhere.
