

Human Nature: (Dub Version)

Old friends and veterans of Manhattans late 70s downtown scene, writer and editor Glenn OBrien and artist and collector Richard Prince share a love of the surface flotsam of American life--we are both PhDs in American shtick, as OBrien puts it. This beautifully bound, slip-cased volume marks their first collaboration, setting OBriens sparse verse alongside Princes equally reduced black blobs in a mutual vocabulary of simplicity and humor of gesture.
