

## The Teller of Tales: In Search of Robert Louis Stevenson (Literary Roads)

Robert Louis Stevenson was an influential travel writer, who said to travel hopefully is better than to arrive. He is best-known for his literary travels in the past, in such books as *Kidnapped* and *Treasure Island*; but he also travelled in real life, on a donkey in the Cevennes and across the Pacific to Samoa, where he died on 3 December 1894. Hunter Davies retraces Stevensons steps in this book, which is part travelogue, part biography, and visits Stevensons haunts from Edinburgh to France, and from California to his resting-place in the Pacific, seeking out the man and his motivation.
