

I just bought a Digital Camera, Now What?!: Great Digital Pictures/Transfer Photos to Your PC/ E-Mail Photos (Now What?! Series)

Join the digital revolution and take better pictures than you've ever dreamed possible. Intimidating technical terms become easy to understand, and forbidding bells and whistles become easy to manipulate. With detailed illustrations, see how the camera works. Learn to use memory cards. Then master the art of editing pictures on your PC, including special editing effects to enhance a photo's mood, transform its background, or delete clutter. Quickly, you're ready to print pictures on your printer and e-mail them to your friends. Later sections show you how easy it is to add accessories such as close-up, telephoto, and wide-angle lenses, remote controls, and software for editing and storage. Along the way: first-person accounts of disasters and how I fully recovered.
