

## Aliens: Salvation and Sacrifice

Two of the most powerful and demanded Aliens tales ever told are finally once again available. First, in *Salvation* (written by Dave Gibbons and featuring the sensational art of Mike Mignola and Kevin Nowlan), a God-fearing space freighter crewman is forced at gunpoint to abandon ship with his captain. Marooned on an off-the-path planet, the two soon discover that they have not been left alone and must now contend with the *Nova Maru*'s deadly cargo! In the emotionally gripping *Sacrifice* (written by Peter Milligan and fully painted by Paul Johnson), Ann McKay stranded on an isolated planet takes shelter in a remote village that is being terrorized by an Alien. But the villagers are also hiding a horrible secret, and to discover the truth Ann must face her own innermost demons in order to save the souls of the lost villagers.
