

Carol Day - Friedrich Kahlenberg

This book presents Friedrich Kahlenberg the twenty second Carol Day story, beginning on October 4, 1962 and concluding on January 16, 1963. It comprises strips #1882-1969. In Friedrich Kahlenberg Carol travels to the small country of Kolberg on a modeling assignment, where she must fend off the attentions of the impoverished prince. The story introduces Joe Wilson who becomes Carols fiancee at the end of the next story, Simon Ware. The art for this story features many fine scenery panels and elegant interiors, in addition to the always beautiful panels of Carol. This presentation is scanned completely from the original art. The book is designed and optimized for the Kindle App on iPad.
