

La danza moderna / Modern Dance (Spanish Edition)

La danza moderna es una forma de expresion corporal que nace de la transposicion por el bailarín, mediante una formulacion personal, de un hecho, una idea, una sensacion o un sentimiento. Esta danza moderna se convierte en una forma de ser para el hombre que quiere hablar con su cuerpo bailando descalzo. De ahí la necesidad permanente para el bailarín de danza moderna de encontrar en si mismo los principios de una tecnica que, lo mismo que en la danza clasica, este sujeta a determinadas reglas. Pero las normas son distintas tanto en el aspecto tecnico como en lo que atane al origen de la motivacion del movimiento. Un bailarín moderno debe inventar y reinventar una y otra vez, permanentemente, una fraseologia del movimiento para que este conserve siempre el caracter de inedito y traduzca la interioridad de quien lo ejecuta. La danza moderna es un producto del siglo XX y sigue siendo un fenomeno especificamente americano. Pero desde la decada de los años sesenta presenciamos una expansion hacia el mundo entero. El descubrimiento de la danza moderna despierta un interes cada vez mayor en numerosos jovenes, que experimentan la necesidad de encontrar en si mismos un nuevo modo de expresion corporal.
