

Stringers #2

Nick and Paul hastily flee a shootout, leaving with their footage and a mysterious USB drive taken off a gang member. They quickly get pulled over by the cops, and Nick suspects something wrong is happening why are the cops interested in them now, when they've been at countless shootouts before? Paul disagrees, but Nick is the one behind the wheel, which means that a high-speed chase through LAX is going to happen whether Paul likes it or not. But dodging the police doesn't mean they're out of danger not when they've also royally ticked off a rival stringer.
