

Persecution: How Liberals Are Waging War Against Christianity

In this New York Times best seller, David Limbaugh exposes the liberal hypocrisy of promoting political correctness while discriminating against Christianity. From the elimination of school prayer to the story of Christianity in America being eradicated from history textbooks, this persuasive book shows that our social engineers inculcate hostility toward Christianity and its values in the name of diversity, tolerance, and multiculturalism. Limbaugh explains through court cases, case studies, and true stories, the widespread assault on the religious liberties of Christians in America today and urges Christians to fight back to restore their first amendment right of religious freedom.
