

Santa Fe in a Week More or Less: Making the Most of Your Days: Lodging, Restaurants, Historical Sites, Museums, Shopping, Art Galleries, Spas, Pueblos

This is the ultimate guide to getting the most out of your visit to the City Different. With the aid of this book and the internet, you can plan your trip using over 1,000 links to sites belonging to hotels, restaurants, historical sites, museums, retail stores, galleries, spas, pueblos and special places just outside the city. This book was designed for the traveller who stays for a few days, a week or perhaps a little longer. It highlights everything to see in this centuries-old city and takes you to the places you are most likely to enjoy, the places that provide the most immediate contact with the rich history of one of the oldest cities in America, where three cultures interact separately and together to create a rich and unique cultural mosaic. The guide covers key travel information, a downtown walking tour, and diversions: from the famed Santa Fe Opera, to the unique Tesuque Pueblo Flea Market, to the legendary artist colony on Canyon Road. Also included are historical buildings and art galleries, museums, restaurants with a past, lodgings of historical value, shopping and spas, the countryside from Abiquiu to Taos, outdoor activities from hiking to skiing, the Pueblos, their feast days and casinos, places of worship, secret spots for taking those special pictures, and major yearly events and celebrations. World-renowned photographer Marcia Keegan lavishly illustrates every section with corresponding photographs. Internet links guide you to the actual web sites of the places covered, where you can learn a great deal before you even get to Santa Fe! If you will be pressed for time, you can also use the sites to help you decide before arrival which actual places you are most interested in spending your valuable time and money.
