

The Plantation (Payne & Jones Series)

The first to disappear is a ski instructor in the secluded mountains of Colorado. Hours later, a pregnant woman is abducted from a crowded hospital. Two places, two incidents, a single motive. And so it begins. One by one, in cities across America, people of all ages are taken from their homes, their cars, their lives. But these aren't random kidnappings. They're crimes of passion, planned and researched years in advance with a singular objective in mind. Revenge. Ariane Walker is one of the victims, dragged from her apartment with few clues to follow. The police said there's little they can do for her, but that isn't good enough for her boyfriend, Jonathon Payne.

With the help of his best friend, Payne gives chase hoping a tip about New Orleans somehow pays off. Together, the duo slowly uncovers the mystery of Ariane's abduction and the shocking truth behind the South's most violent secret: THE PLANTATION.
