

The Pyrates: A Swashbuckling Comic Novel by the Creator of Flashman

In THE PYRATES, the author of the celebrated Flashman novels pays tongue-in-cheek homage to the swashbuckling books and movies that have always stirred his imagination. In these rollicking pages you'll find tall ships and desert islands; impossibly gallant adventurers and glamorous heroines; devilishly sinister cads and ghastly dungeons; improbably acrobatic duels and hairs-breadth escapes; and more plot twists than you can shake a rapier at. A deliriously entertaining combination of Errol Flynn action-adventure and Naked Gun pastiche.
