

## THE REPLACEMENT WIFE (Harlequin comics)

Becca is shocked when her estranged uncle summons her to his estate especially when he's always hated her for being born out of wedlock. When she arrives, she finds her cousin Larissa's fiancé waiting with an unusual idea. Since Becca looks so much like her cousin, his plan is to trick everyone into believing that Becca is Larissa to win back the family fortune that Larissa has promised to her lover. Before she even has a chance to think, Becca begins her fake life as Leos replacement fiancée. Will she be able to play the part?
