

SISTERLY DECEPTION

Sisterly Deception Jealousy, greed, and faith gone MAD! By Joseph Pitt Wicee, the eldest sister, is thumbing through clothes in their mothers master bedroom closet, deciding which to keep for memorabilia, when suddenly their youngest sister Evilena bursts into the room and screams, When he dies Im gonna get ALL of his money!.; referring to their surviving stepfather and only hours after their mothers funeral. Daniel standing at the far end of the room replies, Hey! Hey! We just buried our mother! Take it easy, ok?! When Evilena realized her brother was in the room and overheard her insensitive and rude comment, she quickly exits the room with a twisted face of an angry expression, while biting her lower lip. After hearing this, Daniel began suspecting his sisters true intentions.

_____ At some point in our lives we all must face a time when a loved one passes away. When these situations occur few people are ever prepared for one of their own relatives behaving in an unethical manner regarding the handling of an inheritance. Daniel (the Lamb) discovered his sisters had no limits to their scheming, deceptions and treachery used against him, for no cause or provocation, but to satisfy their greed of obtaining their parents largest inheritance for themselves.

This story is unfortunately common, but as it unfolds we identify the unethical methods used by Evilena (the Snake) and Wicee (The Bear) to accomplish their ploy of absconding with hundreds of thousands of dollars, reflect on the loss of their Christian faith and make suggestions in a Last Will & Testament that may help prevent someone from absconding with a lawful share of an inheritance. If you have elderly parents or relatives you owe it to yourself to read this story.
