

Warmly Inscribed: The New England Forger and Other Book Tales

The authors of two previous well-received volumes on book collecting now regale their many fans with fascinating facts and fables about famous libraries and infamous forgers. The Goldstones, a husband-and-wife book collecting/writing team, follow two previous memoirs about their occupational adventures with this entertaining offering ... The Goldstones writes with flair and humor ... an undemanding and fun read for bibliophiles, whether antiquarian collectors or not.-Publishers Weekly on Warmly Inscribed.
