

Bicycling While RVing: Using a Bicycle to Make RVing More Fun and Affordable

This book is about two interests of mine, bicycling and RVing, and how I combined them together and now do bicycling while Im RVing. Bicycling can add fun, fitness, and environmentally friendly transportation to your RVing. This book covers all aspects of how to take bicycles along with you and use them when youre RVing. A variety of bicycle carrier racks are detailed. With your RV parked, your bicycle can be used for pleasure riding, sightseeing, and for doing shopping. Whenever you use your bicycle to accomplish something you would otherwise have done by driving, you save money. Also covered are types of bicycles, buying bicycles, and bicycle maintenance and repair. For those who want to go on to more advanced bicycling when RVing, specialty bicycling, including bicycle touring, bicycle camping, and mountain bicycling are detailed.
